CONTINUED PUBLIC HEARING - Appl. #PL2016-114 - PRELIMINARY DEVELOPMENT PLAN - approximately 7.11 acres located at the southeast corner of NW Blue Parkway and NW Colbern Road for the proposed Summit Village; Newmark Grubb Zimmer, applicant.

### Issue/Request:

This preliminary development plan application is for the proposed Summit Village development located on land that was annexed into the city in 2011. The subject preliminary development plan covers two lots on 7.11 acres that yield a total building area of 38,500 square feet. The project is proposed to be completed in multiple phases. Phase I is composed of Lot 1, which contains an 18,500 sq. ft. eye care and surgery center that has its own phasing option for construction. Construction of the 18,500 square foot building may be divided into a 6,500 sq. ft. Phase IA and a 12,000 sq. ft. Phase IB. Phase II is composed of Lot 2, which contains two office/retail buildings that will be 10,000 square feet each. The proposed building elevations incorporate a significant amount of brick, block and stucco, plus the use of an architectural metal panel system to accentuate the entrances to the buildings on Lot 2.

A conceptual master plan for the surrounding 61 acres has also been submitted to illustrate how the subject 7-acre development ties into and relates to the long-term vision for the area. The conceptual master plan consists of 17 additional office/commercial use buildings totaling approximately 542,500 sq. ft. The future development of the area under the conceptual master plan will require separate preliminary development plan approval as additional phases of the development are implemented.

The applicant requests modifications to the high impact screening along the eastern property line of Lot 2. Staff supports the requested modification.

- 2 lots and 1 common area tract on 7.11 acres
- 55% proposed overall impervious coverage - 80% maximum allowed impervious coverage
- 45% proposed overall open area - 20% minimum required open area
- 0.15 proposed overall FAR - 0.55 maximum allowed FAR
- 193 parking spaces required - 203 parking spaces provided
