## Appl. #PL2017-227 - SIGN APPLICATION - Capital Tax & Consulting, 608 SW 3<sup>rd</sup> St; Capital Tax & Consulting, LLC, applicant

## Issue/Request:

This application is to request the addition of a third sign panel on an existing 15' tall monument sign structure that serves a multi-tenant building. The new panel will fill in an open area at the bottom of the structure. The panel will increase the existing sign face area from 72 sq. ft. to 104 sq. ft., but does not increase the existing sign structure dimensions.

The CP-2 (Planned Community Commercial) district allows a maximum sign face area of 72 sq. ft. However, the UDO grants the Planning Commission the authority to consider applications for signs that exceed the maximum allowed sign face area. Staff supports the proposed additional sign panel.

<u>Recommendation</u>: Staff recommends **APPROVAL** of the sign application to allow a monument sign with 104 sq. ft. of sign face area.
