Quality Housing Program Discussion

Issue/Request:

Staff is bringing forward a detailed description of the proposed Quality Housing Program for discussion with the CEDC.

Background:

Throughout 2017 and 2018 staff met with the CEDC several times discussing the merits and challenges of a mandatory rental inspection program. At the last meeting with CEDC staff proposed a voluntary program that would apply to all housing in the City. The goal is to use a combination of education and voluntary inspections to increase the safety of all housing. The Quality Housing Program's (QHP) intent is to improve the safety and maintenance of all housing in Lee's Summit. The QHP focuses on services to encourage compliance with minimum standards established in the Property Maintenance Code (Chapter 16) and the Fire Code (Chapter 13). It is an extension of services offered by the Neighborhood Services (NHS) group. NHS operate under a complaint, investigate, abate style approach. QHP compliments NHS through outward education of City ordinances to neighborhoods, providing connections to existing resources, and to establish a certification program. The certification program encourages compliance to improve the safety of housing.

Attached is packet which details a pilot program for Quality Housing. Topics covered include external education and outreach, certification and voluntary inspections, performance metrics and budget implications.

Ryan Elam, Director of Development Services
Dan Harper, Assistant Director of Development Services

Recommendation: Staff recommends proceeding with the pilot program.

Committee Recommendation: Staff is seeking input from the committee on the program as a whole.
