Public Hearing: Application #PL2020-200 - Preliminary Development Plan - Oakview, Lots 2, 3 and 4, 1410, 1430 and 1440 NE Douglas St; Star Acquisitions & Development, LLC, applicant.

Issue/Request:

A preliminary development plan for Oakview Storage Development Phase II was approved in 2018 for the development of the subject Lots 2-4. The plan showed a restaurant/retail building developed on each of the three (3) lots and identified the square footage of each building. The applicant has since identified a need to allow for larger buildings on each of the three lots from that shown on the previously approved plan. The Unified Development Ordinance (UDO) authorizes staff to administratively approve commercial buildings up to 25% larger (in square footage) than that shown on an approved preliminary development plan. An increase in building size over 25% requires approval of a new preliminary development plan. The new proposed building sizes exceed the 25% administratively approvable increase and thus require the submittal of the subject preliminary development plan application. The layout and architectural appearance of the new proposed buildings is generally unchanged from the previously approved preliminary development plan.
