Public Hearing: Application #PL2021-436 - Preliminary Development Plan - Pergola Park, 6th Plat and Lumberman's Row at New Longview, 3221 SW Pergola Park Drive; Russell Pearson, applicant.

Issue/Request:

The applicant proposes two residential subdivisions contained within the 18.2 acres located approximately at 3221 SW Pergola Park Rd. Proposed Pergola Park, 6th Plat, Lots 134-160 & Tracts 12-6 and T-Y is a continuation of the existing Pergola Park subdivision generally extending west of the historic Pergola area.

Proposed Lumberman's Row, Lots 1-18 and Tracts A-C is located further south of the proposed Pergola Park, 6th Plat. It's located just west of the Old Longview Lake, east of the historic Longview Mansion, and bordered by Jackson County Park land to the south.

Design Guidelines have been proposed for each subdivision and highlights "New Urbanism" principles such as walkability, connectivity, diverse mix of housing options, quality architecture, and shared open spaces. The residential design guidelines establish specificities such as lot types, setbacks, streetscape diversity, landscaping, and guidelines for garages, corner lots, accessory structures, lighting, and fencing.

This development plan and the Pergola Park, 5th Plat (currently under review and pending City Council approvals), will complete the residential portion of the New Longview community vision for this particular area of the overall New Longview area.
