Res. #2022-01 - A Resolution adopting the Planning Commission of meetings for 2022.

Issue/Request:

Attached are the proposed meeting dates for 2022. A couple items that require discussion include when to schedule a second meeting date for November given that the second meeting date of the month normally falls on the fourth Thursday, which conflicts with Thanksgiving. Also to be discussed is the inclusion of special meeting dates for quarterly training.

Proposed Planning Commission Motion:

I move to adopt Res. #2022-01 - A Resolution adopting the Planning Commission of meetings for 2022.
